**FOR IMMEDIATE RELEASE**

May 3, 2017

**CEDAR STREET - COLLEGE ROAD to US-127  
RESURFACING PROJECT to BEGIN MONDAY**

Ingham County Road Department announces that its project to rehabilitate and resurface Cedar Street from College Road to Legion Drive (just west of US-127) in Delhi, Alaiedon, and Vevay Townships will begin on Monday, May 8<sup>th</sup>.

The proposed work includes in-place crushing and recycling of the existing concrete pavement into base material and asphalt resurfacing of the four lane divided highway. Traffic will be maintained with one lane in each direction along the entire project. Access will be maintained to all adjacent properties throughout construction. During large portions of the construction, traffic will be shifted via temporary cross-overs, to one side of the divided highway, then the other, while the opposing side is recycled and resurfaced.

As part of the project, the various existing median cross-overs will be consolidated into one-way, indirect left turns with deceleration lanes for improved safety. The project will also include paved shoulders and drainage upgrades.

Project completion is expected in early October dependent on weather and any other unforeseen circumstances.

For more information contact the Road Department at 517-676-9722.
